The Lord is our creator,
To Him we look as a friend,
He's been with us through all rough times,
And will continue to be until the end.

We should never take for granted,
The gifts we all may share,
Because they are blessings, all from God,
And are full of His love and care.

Never should we forget,
His most important Golden Rule,
To treat others with respect,
At home, in our neighborhood, and in school.

Stand up for what you believe in,
And be examples to others too,
Think before you act,
And do what Jesus would do.

Through God's own revelation,
And his guidance from above,
He has spoken to us in unique ways,
And has shown us his everlasting love.

God is our protection,
Someone we have grown to trust,
A person in all our hearts,
Who is always there for us.
